design inspiration

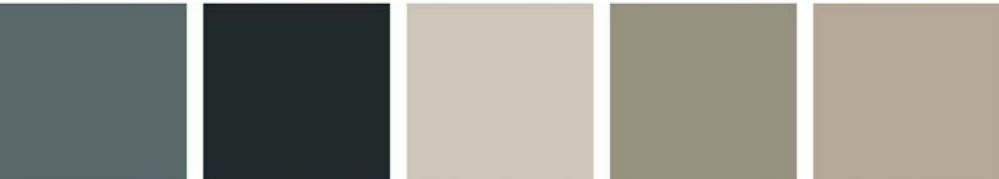

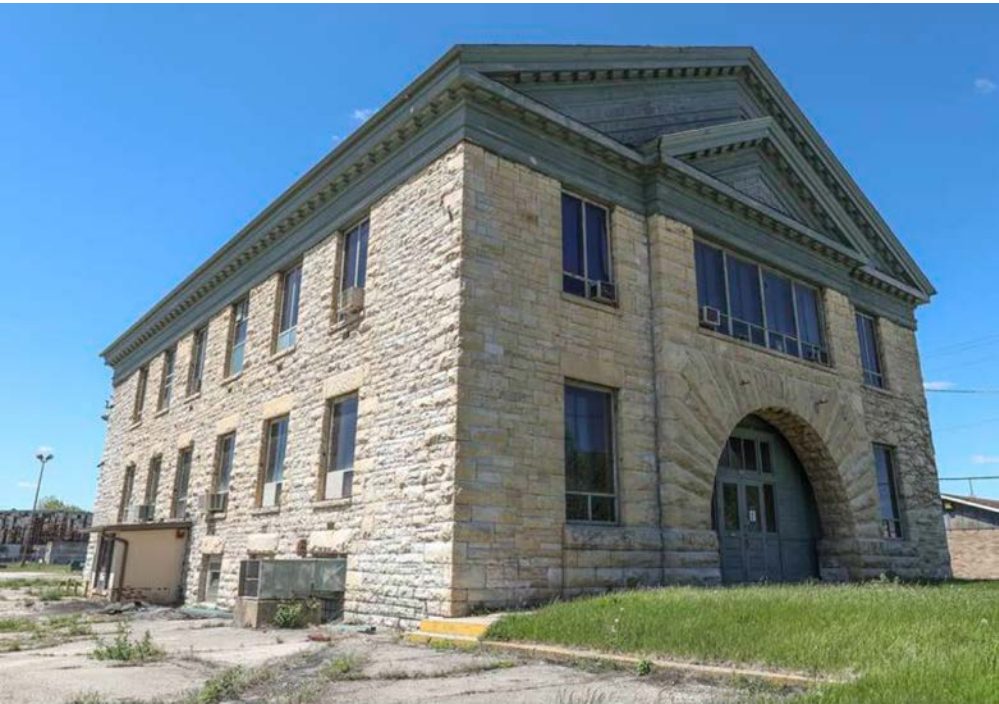

EDUCATE - CAPTIVATE - CONNECT

The Library District has grown to serve more than 75,000 residents in a 40 square mile area that includes parts of Joliet, Romeoville, Bolingbrook, Wheatland Township and Kendall county, in addition to the Village of Plainfield. In covering such a large area more than 40% of the Library District residents reside outside the Village of Plainfield.

We are rebranding ourselves with a more inclusive name in hopes that residents outside of the Village of Plainfield feel more welcome to explore and engage with all that their library has to offer.
